WINE & CALLIGRAPHY

WINE & EVENTS,
SOURCE OF EMOTIONS!

WINE & CALLIGRAPHY

An authentic sensory workshop. *Share an original «vino-Japanese» experience!*

Where East meets West.

The Sho-Do is a unique method that allows you to experience the Universal.

Japanese Calligraphy master Noriko Matsuzawa uses traditional methods to create a sense of well-being.

Franck Thomas shares his experience of wine tasting based on an intuitive approach of perceiving one's own sensations and feelings.

In this workshop you learn to smell the wine, let it express itself, listen to its message and reveal your own personal taste, without being influenced by outside influences.
